THE MARK OF THE BEAST? BY VOTING FOR DEMONS!

The watchman's task has always been a thankless one.
There are treacherous fifth column elements, which are
really working for the defeat of the nation, at the hands of its
enemies. These subversive elements readily gain and hold
the public's ear, because they soothingly tell the people what
they want to hear. Go back to sleep, no danger can come,
and there is nothing you can do. **THE DEMONCRATS**

To: Dear Mr. Khan, From: Ray Starmann founder of US Defense Watch

I, like millions of Americans saw your speech at the DNC on Thursday night. I wish to offer my sympathy for the death of your son, Captain Humayun Khan, who was killed in action in Iraq. As a former US Army officer, and a veteran of the Gulf War, I can certainly understand the pain and anguish that you and your wife endure every day. Your son died saving the lives of his fellow soldiers. As Jesus told his disciples, according to the Gospel of John, *Greater love hath no man than this, that a man lay down his life for his friends.* Captain Khan is a hero. I am sure the soldiers he served with regard him as one. I know you and your wife do. Rest assured that millions of veterans regard your son as a hero as well. To paraphrase from the Book of Ecclesiasticus, your son's name liveth for evermore. Your son made the ultimate sacrifice for his country, a country that was new to you and your family and one which you openly embraced and certainly love. When you and your family arrived to America from Pakistan, you assimilated into our country. You adopted American ways, learned our history and apparently you even acquired a pocket Constitution along the way. Good for you sir.

But, there are many Muslims in America who not only have no desire to assimilate, but wish to live under Sharia Law. That is unacceptable to Americans. There is only one law of the land. That is the U.S. Constitution. As you well know, Mr. Khan, we live in violent times, dangerous times. Muslim madmen from ISIS and other radical Jihadi groups are on a murder and terror spree across the globe. Your religion of peace, Islam, is anything but that in 2016. That is a fact that is confirmed every time a Muslim shoots, bombs, beheads and tortures innocent men, women and children. This does not mean that every Muslim is a terrorist, but most terrorists, sir, are indeed Muslims. A Muslim terrorist attack has become the sign of the times. Regardless of what the feckless, naïve, leftist ideologue Barack Obama and his dimwitted colleagues John Kerry, Francois Hollande and Angela Merkel state, the United States and the West are at war with Radical Islam. It is the job of the president of the United States to protect his nation from all enemies: foreign and domestic. Unfortunately, Mr. Obama romanticizes Islam and refuses to accept reality, which has resulted in the deaths of thousands of innocent people across the world. Groups like ISIS and Al Qaeda have one goal, the complete destruction of the Judeo-

Christian culture, our religions and our way of life. Many Americans have families that have been here for decades, even centuries. Many families like mine have relatives who fought in the Civil War, WWI, WWII, Korea, Vietnam and Desert Storm. Some families have relatives who fought in the American Revolution. We don't plan on letting our country be devoured by Muslim maniacs. We are Americans sir, and not unarmed, socialist European zombies. We will do what is necessary to protect the United States. While many Democrats and liberals see the world through rose colored glasses, conservatives understand that there is good and evil in this world. Evil must be destroyed before it destroys us. Strong measures, wartime measures, must be taken to protect this country from those that wish to annihilate us and our way of life. Mr. Trump's plan to temporarily halt immigration from Muslim countries that are known to either support terrorism or harbor terrorist groups is not only pragmatic, but indeed it is constitutional. It is the constitutional duty of the president of the United States to protect this nation. There is simply no way to vet hundreds of thousands of Muslim refugees from war zones like Syria, Iraq and Afghanistan. Europe is being destroyed because reckless leaders like Angela Merkel have opened the continent's doors to a flood of over one million undocumented Muslims arriving with nothing more than a bad attitude and a haversack of Jihad. Do you think Americans are stupid? While the left lives in a dream world, the right does not. Mr. Trump understands the threat to his nation and the threat, sir, is not from Swedish Lutherans named Anna and Lars. The threat, sir, is from radical Islam. How in God's name are U.S. immigration authorities supposed to know the true intentions of a 22-year-old Syrian man? It is impossible. You know it is impossible. How in God's name are U.S. immigration authorities supposed to know the true intentions of hundreds of thousands of Syrian refugees and thousands of other sundry Muslims who wish to arrive on our shores? It is impossible. You know it is impossible. Whether you, your wife, the Muslim world and millions of Democrats are offended by Mr. Trump's realistic view of the world is irrelevant. Whether you, your wife and son would have been prohibited from emigrating from Pakistan to America under Mr. Trump's wartime plan is irrelevant. The security of this great land supersedes your desires and the desires of others who wish to come here now. The United States of America has no obligation to open its doors in order to placate foreigners and liberals in our government. To adopt any other course but Mr. Trump's would be a cause for further endangering the lives of Americans every day. That, sir, is unacceptable. You attacked Mr. Trump in front of a worldwide audience, yet you can't understand the fact that he defends himself against attacks from you, Hillary Clinton and the left. What else is one to do sir? We must live in a world of reality, not a world of denial, delusion and fantasy the Democrats inhabit every waking day of their lives. Radical Islam is the enemy of everyone on this planet who believes in freedom and justice. Until it is destroyed, this nation must protect itself from enemies both foreign and domestic. Sincerely, Ray Starmann Ray Starmann is the founder of US Defense Watch. He is a former U.S. Army Intelligence officer and veteran of the Gulf War, where he served with the 4th Squadron, 7th Cavalry, 3rd Armored Division "Spearhead!" Mr. Starmann was a contributing writer for several years at SFTT.org, founded by the late Colonel David Hackworth.

VOTE TODAY TO BE COUNTED!

Because, folks, voting for Hillary is voting for Obama. It's voting for everything that's going on now continuing and being doubled down and tripled down. And it's just... Four more years of this stuff is not recoverable. You know, Pence had a great line last night. "Hillary Clinton's secretary of the status quo." It's a great, great, great line. Pence's speech was fabulous last night. Pence was great last night. Pence better than Cruz.

ALL CHRISTIANS VOTE FOR DONALD J. TRUMPET HERO

The honest and patriotic citizen, who sees and warns of the impending danger, is hated because he disturbs the public's indolence with his warnings. First they say that he is just foolishly imagining dangers, which don't exist. When this doesn't silence him, then they say that he desires the calamities, which he is warning his people to avoid. Meanwhile, danger approaches faster and faster because of the public indifference and failure to take the necessary precautions. When it does strike, it is far more terrible than it would have been if the warnings had been heeded. The price of indifference is always paid in the blood of your sons, who need not have died if you had done your part.

WE CAN DO IT!

PRESIDENTIAL ELECTION 2016

PERSONAL FROM RUSH: ALL YOU ARE MY WATCHMAN!

Like all-important developments in the life of nations, this one was well known to Yahweh and it gets frequent attention in the Bible. Yahweh chooses certain men to be His watchmen, and inspires them to stick to their unpopular task. It is a great responsibility and if well done, a great honor. The watchman's responsibility is to speak the truth, come what may. From then on, the responsibility is that of the people who have been warn Yahweh told the prophet in Ezekiel 3:17, "Son of man, I have made thee a watchman unto the house of Israel: therefore hear the word of My mouth and give the warning from Me." BLOW YOUR TRUMPET!

I don't think I had any fear for myself or my family who I have entrusted into the hands of the Lord. I have seen a lot of evil, but I have not seen anything like this. It shook me deeply. Even so, as Christians we must not walk by fear but by faith. We must wake up, but we must also resolve that we will not take action out of fear. Fear is not a fruit of the Holy Spirit. If we are led by fear, we are not led by the Holy Spirit. By the end of this year, we will know if the invasion I saw in the dream has been avoided or not. If not, it does not mean that the attack will come right then, but we will know it is inevitable. That is when we must begin to prepare for it. We will be given wisdom to do this. Until then we should pray earnestly that it is not necessary. **YOU ARE MY WATCHMAN ON TRUMPS WALL!**

At this time, county sheriffs became like the glue that held America together and kept it from a meltdown into anarchy. They took a leading role in security and defense against the attacks not just those coming across the Southwestern border, but those that seemed to be happening all over the nation. I woke up with a most startling supernatural manifestation in my room that I still do not understand. I know it is significant, and I will share it when I am given understanding. This is the most alarming dream I have ever had. I admit to being shaken for days by it.

The real essentials of life have not changes in all of history; the quali-
ties and actions, which are really good, are exactly the same today as
they were in Moses' time. What evil is there that is really new? When a
merchant cheats you by selling shoddy merchandise, is it any differ-
ent because today you pay for it with dollars instead of shekels? If you
don't leap for your life quickly enough, is it any consolation that you
are run over by an automobile, instead of a chariot? Today, there are
still those in high places of power who will betray the most sacred
principles for thirty pieces of silver. As in ancient times, it is still

There was a seeming universal rejection of the federal government's authority by
the states. Then militia groups began popping up like mushrooms in a forest all
across America. These were not racist or extremist militias, but rather ordinary
citizens who were resolved to protect their families and neighbors. However, be-
cause of the rage in America, I felt these groups were vulnerable to being co-
opted by extremist groups. Even so, in prophetic dreams and visions sometimes
you just know things that you do not see. I knew that these militia groups would
eventually stop the gangs that had come across our borders. This was because of
the help they received from many veterans of Iraq and Afghanistan who knew how
to fight this type of warfare. MAYBE YAHWEH WILL HAVE MERCY ON AMERICA?

YOU CAN'T BE A CHRISTIAN!

As this onslaught unfolded in the Southwest, I then saw an outrage sweep across America. This rage was not directed at the invaders as much as it was directed at our federal government because it had failed to protect us. This outrage grew to the point of being nearly as diabolical as what I had seen in the invasion across our border. Many Americans wanted to do to our government leaders what was being done to Americans in the border states. Every foolish action or policy our federal government had in regard to border security, such as the Fast and Furious program, was being brought up again to accuse our government. The rage grew with each one recited. I then saw federal employees fleeing some states as if they were fleeing for their lives. JOIN TRUMP TODAY TO BUILD THE WALL!

Who are our watchmen? First we think of those to whom we have entrusted high public office. Whatever their duties may include, that of watching and giving warning is the primary duty, however they do not make up all the responsible watchmen. From the beginning Yahweh has recognized that politicians may fail to perform their duties. Someone must be watchman over all dangers, from within as well as from without, the record of this is found in the Bible. Since these warnings come from Yahweh, His watchmen are found in the ministry.

The Republican convention, we had a mother of a fallen hero of Benghazi. Her name was Pat Smith. What did the Democrats do? With the assistance of the media, the first thing they did was trash her. Then they fact checked her. Hillary Clinton lied about Benghazi. She lied to everybody about the video being responsible for this. She was telling the story of the video being responsible for this in public for two weeks while at the same time telling everybody privately the video had nothing to do with it. She told the parents when the bodies came back that she was gonna get the guy who did the video that caused all this. OBAMA & HILLARY CREATED ISIS!

We know that the insanity that came upon Rwanda turned Rwandans against Rwandans for even slightly perceived differences. In this kind of evil rage, reason can be very twisted. What I witnessed was a raging and insane brutality like the earth may have never faced before. ISIS and other terrorist groups were part of this horde, but this was not an ISIS led operation. In fact, the Islamic terrorists who were involved were shocked themselves by the level of diabolical evil they witnessed in these gangs. I knew that what I was seeing was the evil spirit of modern terrorism mixed with ancient spirits of a deep and powerful witchcraft from some of the South and Central American countries. The main evil spirit that was driving this was ancient, possibly rooted in old civilizations like the Mayans. When this mixed with the evil of terrorism, it became a concoction of evil like the world has never seen. AMERICA IS TRUTH BIRTHRIGHT ISRAEL INVADED BY GOG! Ezk 38

Then they left with great excitement and celebration to attack another ranch. This was done in broad daylight. They did not seem at all concerned that they might be caught. Then it was as if I was high over the land. I saw waves of gangs. Some appeared to be military units, sweeping across the southwestern United States. It was like a great plague as they were pillaging, plundering, raping, and murdering. It was an invasion that threatened more Americans than any previous war in our history. I was surprised I did not see any U.S. military response to this invasion. Even though the invaders were pouring into every Southwestern state, there was a special focus on Texas. They seemed to have a special hatred of Texas and Texans. After Texans, it seemed their rage was directed toward Hispanics. This was hard to understand since most of the invaders were Hispanics, but this is what I saw. AMERICAS OPEN BOARDERS TO ISIS WORLDWIDE!

The Obama administration quietly shipped \$400 million stacked on wooden pallets in an unmarked plane to Iran in January — just as Tehran was releasing four Americans who had been detained there, according to a report. The Obama administration was accused Tuesday night of making the cash-for-hostages deal by timing the payout to the release — but US officials said the money was simply part of settling the nearly 40-year-old debt under the terms of the historic nuclear agreement hammered out in 2015. “This break with long-standing US policy put a price on the head of Americans, and has led Iran to continue its illegal seizures” of Americans, Cotton said. Former Republican presidential candidate Marco Rubio tweeted the report Tuesday, saying, “Obama administration sent plan[e] load of cash to #Iran as ransom as part of deal on hostages. Just unreal.” JOIN TRUMP TODAY AND HELP KEEP THE USA SAFE!

RICK JOYNERS PROPHECY

NeverHillary

On the night of September 17, I had a prophetic dream. It was about a "gate of hell" that has been opened into the United States. "Gates of hell" are the doors that hell uses to gain access. We have one of the biggest of these open into our country right now—our Southern border. This does not mean that everyone illegally crossing our borders is a terrorist or has evil intent. It is likely that just a small fraction want to do us harm, but this is enough to wreak havoc on the entire country and soon. In the dream, I was shown the unimaginable consequences we will suffer if our borders are not secured very soon. **The dream began with a gang that crossed our border to attack a ranch in Texas. They herded together everyone on the ranch, about twenty in all, including family and workers. There were several children. Then with diabolical cruelty, they raped and tortured them.** Then they killed them all in the most cruel, diabolical way imaginable. What they did to the children was the worst of all.
