Was it the Prophet who pushed you on **Obama's Fake Birth Certificate** . By the way he was born in Kenya and is a Full Blooded Muslin Leader to the World. We want Every Crook in Obama's Pig Gay Swamp prosecuted to the full Laws of The United States of America! Soros is using Obama's House to Push their Soft coup on the President. ZERUBABAAL THE BUILDER'S THE TRUE SONS OF ISRAEL!

And the word of Yahweh came to Haggai a second time on the twenty-fourth day of the month saying, 21 "Say to Zerubbabel, governor of Judah: I am going to shake the heavens and the earth, 22 and I will overthrow the thrones of kingdoms and destroy the military strength of the kingdoms of the nations. I will overthrow chariots and their drivers; horses and their riders will fall, every one by the sword of another! 23' On that day,' declares Yahweh of hosts, 'I will take you, Zerubbabel son of Shealtiel, my servant,' declares Yahweh, 'and I will make you a signet ring,

for I have chosen you,' declares Yahweh of hosts." "But now take courage, Zerubbabel,' declares Yahweh. 'Take courage, Joshua son of Jehozadak, the high priest, and take courage, all the people of the land,' declares Yahweh. 'Do the work, because I am with you,' declares Yahweh of hosts, 5'according to the promise that I covenanted with you when you came out of Egypt. My spirit is with you; do not be afraid.' 6For thus says Yahweh of hosts: 'Once again, in a little while, I will shake the heavens and the earth and the sea and dry land. 7I will shake all the nations so that the treasure of all the nations will come, and I will fill this house with glory,' says Yahweh of hosts. 8'The silver is mine and the gold is mine,' declares Yahweh of hosts. WE THE PEOPLE WANT OUR BOARDER WALLS BUILT!

According to the FBI, ISIS is using social media to find new recruits inside the U.S. to join in their Jihad. They have promised to destroy America from within. Terrorist sleeper cells by the thousands are here on our land, waiting for the call to wake up! They are sneaking across our borders! Our own government is utilizing their services and supporting them overseas in their efforts. Wake up, and open your eyes! Do not be surprised. This is a plan that has been in the works for many years, and it is finally coming to a head!

EZEKIEL 38:8 "WORLD WAR III *ON AMERICAN SOIL!

After many days you will be mustered. (CHINA / RUSSIA / NORTH KOREA / MUSLIM BRO HOOD / THE WORLD) In the latter years you will go against the land that is restored from war, (America) the land whose people were gathered from many peoples upon the mountains of America, which had been a continual waste. Its people were brought out from the peoples and now dwell securely, all of them. (Russia) You will advance, coming on like a storm. You will be like a cloud covering the land, you and all your hordes, and many peoples with you. Thus says Yahuweh the Elohim of All Israel:

WE THE PEOPLE WANT TRUMP NEWS NETWORK!

Trump is indeed considering creating his own media business, built on the audience that has supported him thus far in his bid to become the next president of the United States.

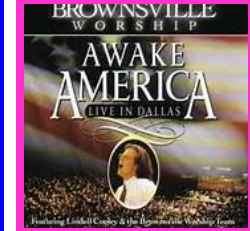

According to several people briefed on the discussions, the presumptive Republican nominee is examining the opportunity presented by the "audience" currently supporting him. He has also discussed the possibility of launching a "mini-media conglomerate" outside of his existing TV-production business, Trump Productions LLC.

Attn: President Trump Fox News Network is on it's way out from being We the Peoples News Network. That is why it is very Important that you find someone you can trust to build Trump News Network. We need all the outcast from Fox News to be brought in to your Network to insure the morning Worldwide Talking Points. We still have EIB Rush Limbaugh's International New Media. We still have Sean Hannity International News Media. We now have CRTV a new News Network with Mark Levin, Mark Steyn and Michele Malkin.

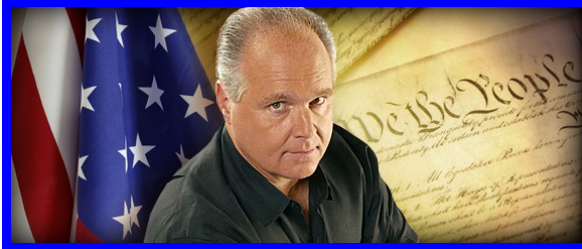

WE THE PEOPLE WANT TO EXPAND MORE LAND TO ISRAEL

The land was not a barren desert when Yahweh made his promises, and when the Israelites entered it. It was in descriptive terms, "flowing with milk and honey", a land which the spies discovered was indeed as God had told them. I am not sure why God chose the land of Canaan, but He has chosen Jerusalem, to dwell there. Many prophecies and their fulfillment take place in Jerusalem. In Genesis, we read that after Abram delivers Lot from the Mesopotamian kings, he meets Melchizedek. Melchizedek was not only the king of Salem but also the priest of the most High God (El Elyon). Abram gives a voluntary tithe to Melchizedek blesses him. The book of Hebrews comments on this passage, as does David in Psalm 110: "The LORD has sworn and will not relent, 'You (David's Lord) are a priest forever according to the order of Melchizedek'" (Psalm 110:4). Hebrews states "You are a priest forever according to the order of Melchizedek" (direct quote from Psalm 110:4). Later, Yahushua is identified as the Son who is the "High Priest forever after the order of Melchizedek" (Heb. 6:20). Melchizedek, King of Salem - Salem is another name for the city of David, Zion or Jerusalem (II Sam. 5:7; Ps. 76:1, 2; I Kings 8:1). Jerusalem is derived from the same root as the word "shalom", meaning peace, so that the common interpretation of the name is "The City of Peace" or "Abode of Peace". Jerusalem is a prophetic name "O Jerusalem, Jerusalem, you that kill the prophets, and stone them which are sent to you..." Yahushua's next words reveal an important fact. The choices man makes determine his redemption or destruction. Again in Psalm 110 *WATCH TORAH TO THE TRIBES ON U-TUBE TOP *EVANGELIST

WE THE PEOPLE WANT A REAL AMERICAN REVIVAL!

In 1949, when the praying sisters in the New Hebrides and that great voice Duncan Campbell were witnesses to a true moving of God's Spirit that transfigured the moral and spiritual climate of those islands off the west coast of Scotland. Campbell would later describe the revival as a time when "Yahweh stepped down, and was at work amongst men." We need to be aware of what the Elohim has done throughout Christian history, and learning more from these revivals- among many others- will kindle a flame of hunger and faith for a mighty work of His hand in our day. We must make note of more modern works of Yahweh's Spirit as well, and among the many, I aim here to share my own experience in what came to be known as the *Brownsville Revival* in Pensacola, Florida, 1995-2000. Men have criticized this moving of God's Spirit, as is always the case in times of revival, and often the criticism came from those who had little or no understanding of what really occurred during those last years of the 20th century. To be sure, no revival is without flaws (as Wesley famously noted), but we err tragically if we permit the shortcomings of men to eclipse the glory of God's work. We must make note of more modern works of God's Spirit as well, and among the many, I aim here to share my own experience in what came to be known as the *Brownsville Revival* in Pensacola, Florida, 1995-2000. Men have criticized this moving of Yahweh's Spirit, as is always the case in times of revival, and often the criticism came from those who had little or no understanding of what really occurred during those last years of the 20th century.

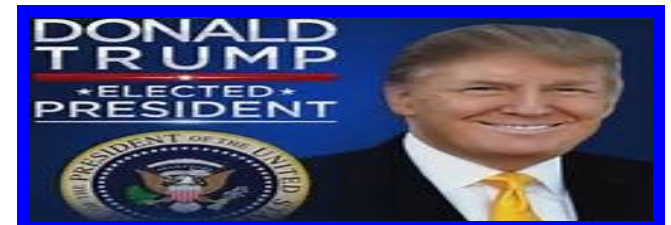

TRUMP'S TAX PLAN
(as obtained by the Wall Street Journal)

- No business taxed more than 15%
- No federal income tax for individuals earning less than \$25K or couples earning less than \$50K
- Highest individual tax bracket of 25%
- Eliminate or reduce deductions and loopholes for high-income taxpayers

WE THE PEOPLE WANT TAX REFORM FIRST ON LIST!

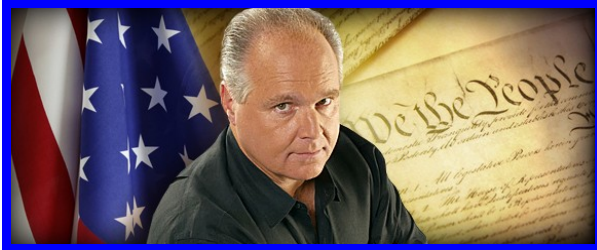

Every taxpayer gets to claim on their tax return the greater of 1. certain "itemized deductions," — think charitable contributions, mortgage interest, real estate taxes, etc... or 2. a "standard deduction." The standard deduction currently sits at \$12,600 (if married, half that if single). In addition, each taxpayer may claim a \$4,050 personal exemption for themselves, their spouse, and any dependents. Trump's proposal would cap itemized deductions at \$200,000 (if married, \$100,000 if single). In addition, he would increase the standard deduction from \$12,600 to \$30,000 (\$15,000 if single), and eliminate personal exemptions. So if you're scoring at home, a family of five that currently claims the standard deduction will actually lose deductions under the Trump plan: under current law, they would be entitled to a \$12,600 standard deduction and \$20,250 of personal exemptions, for a total tax benefit of \$32,850. Under the Trump plan, that would be replaced with a \$30,000 standard deduction and no personal exemptions. In addition, as highlighted above, the bottom rate of 10% will be replaced with a new bottom rate of 12%. Combine this with the lost deductions described above — as well as the elimination of the "head of household" filing status under the Trump plan — and according to a study performed by Lily Batchelor at NYU, you have a perfect storm in which approximately 7.8 million low-income large families will experience decreased tax bills under the Trump plan.

WE THE PEOPLE WANT OBAMA-CARE REPEALED!

WE THE PEOPLE WANT TO BUILD OUR MILITARY HERE!

"The demise of vocational education at the high school level has bred a skills shortage in manufacturing today, and with it a wealth of career opportunities for both under-employed college grads and high school students looking for direct pathways to interesting, lucrative careers." According to American Job Training Investments: Skills and Jobs to Build a Stronger Middle Class, "Too many businesses can't find skilled workers for jobs they want to fill, while too many people looking for a job may be ready to learn new skills but may not be certain that there's a job waiting for them on the other end. Community colleges are one of the best ways to train workers with the skills they need for a job, and hands-on apprenticeships are one of the clearest paths to a good, secure middle class job. In fact, 87 percent of apprentices are employed after completing their programs and the average starting wage for apprenticeship graduates is over \$50,000."

WE THE PEOPLE DO NOT WANT SINGLE PAYER CARE!

Single-payer healthcare is a system in which the residents pay the state – via taxes in amounts determined by the state – to cover healthcare costs, rather than individuals buying from private insurers competing for their business.

Single-payer systems may contract for healthcare services from private organizations (as is the case in Canada) or may own and employ healthcare resources and personnel (as is the case in the United Kingdom). The term "single-payer" thus describes the funding mechanism, referring to healthcare financed by a single public body from a single fund, not the type of delivery or for whom physicians work. The British system is technically not single-payer, as it consists of a number of financially and legally autonomous trusts and private health insurance options are also allowed. Only Canada and Taiwan have true nation-wide single-payer systems. The actual funding of a "single-payer" system comes from all or a portion of the covered population via taxes. In contrast multipayer healthcare uses a mixed public-private system.

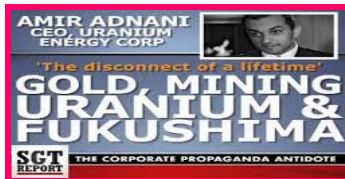

WE THE PEOPLE NEED A YEARS TIME TO DEBATE IT!

Yes, ironically RomneyCare and ObamaCare are very similar pieces of legislation. Even Barack Obama himself will admit that RomneyCare was part of the model ObamaCare used to create the current health care reform laws. However Romney's health care plan for MA has some significant differences, and Romney himself had different plans for the country's healthcare when he ran for President in 2012. Romney Care, like Obama Care, comes with taxes for those who choose not to purchase health insurance (in the form of a loss of personal exemption taxes of up to \$219). These and other taxes similar to what ObamaCare comes with have not been a point of contention among most MA residents. In fact most families save more money and have better quality health insurance. Romney Care provides health insurance to those who cannot afford it by helping them through subsidies. The idea was that instead of using state money to give people a free ride they would use a sliding scale ensuring that people paid what they could and those who couldn't pay would be the only ones who got free health coverage. The sliding scale is reevaluated each year, so as those with financial troubles get back on their feet their rates go up accordingly.

BRING BACK VOCATIONAL- TRADE SCHOOLS TO BUILD!

Public high schools should be about preparing students for the real world, and the idea that just because someone studies to be a car mechanic doesn't mean they won't love Shakespeare or calculus is just as silly as assuming that someone headed to college doesn't need to know how to fix a car. The truth is, we all need to know many things in life, and it would make more sense to let students choose their own interests rather than have tracks to choose from (or only one choice). Sure, maybe I never would have really used auto mechanics in my eventual career as a writer, but I never really "use" trigonometry either — that doesn't mean it's not good to know it. Bringing back vocational programs for everyone would allow academically oriented kids to find new hobbies or new ways to solve problems, and would also destigmatize the jobs that they're connected to — which are necessary, interesting and challenging. There's more than one path to success: Electricians, plumbers, car mechanics and the like make far more money than writers do? So start Building our Military in Detroit MI.

WE THE PEOPLE WANT BOTH CLINTONS CONVICTED!

The Obama Administration took action to empower the entrenched bureaucracy to subvert our national security right before leaving office. It has led to dangerous leaks, criminal violations of the Espionage Act, and the creation of a shadow government to sabotage the new Administration. We discovered that about two weeks before the Obama Administration left office, it rewrote the national security rulebook to share intercepted communications with more unelected bureaucrats. This dramatically endangers our national security and has led to dangerous classified leaks. Even the ACLU called this an "erosion of rules intended to protect the privacy of Americans." Our Government Accountability Project is mobilizing to fight back. We're filing legal demands of the bureaucracy to: 1) Expose how the Obama Administration rammed this rule change through. 2) Stop the soft coup and the rampant leak of classified information. 3) Protect our national security. Take action with us. ACLU

WE THE PEOPLE WANT IRS CONVICTED FOR TARGETING!

It's a strategy the Obama administration has mastered – the 3-D strategy: Delay, Dis-
tract, and Deflect. I cited that strategy in a post last month when a federal judge in
Texas labelled the Obama Justice Department "unethical" and "intentionally de-
ceptive" – calling out the biased behavior of government attorneys in defending President Obama's unconstitutional Executive order on immigration, a case now pending before the U.S. Supreme Court. This time it's the Obama administration's Internal Revenue Service (IRS) that's back in the spotlight – implementing the 3-D strategy. We have been in federal court since 2012 challenging the unconstitutional targeting by the IRS of conservative and Tea Party groups. This unlawful scheme was designed to punish or-
ganizations because of their conservative political beliefs. In April, we were in the U.S. Court of Appeals for the D.C. Circuit presenting arguments on behalf of 38 organizations that we represent in our federal lawsuit. In arguments before the panel, the court was very critical of the IRS. As Judge David B. Sentelle put it: "It's hard to find the IRS to
be an agency we can trust." That's very true. And, you can add that the IRS is an agency committed to concealing the truth and dedicated to delaying the release of information.
