Who was able to open the scroll and read it. I wept bitterly because nobody could be found to open the scroll and read it, but one of the elders said to me, 'Do not weep. Look, the Lion of the Tribe of True Judah, the Root of David, has triumphed, and so he will write and open the scrolls and it's Seven Seals.'

The 'generations of Jacob', it would appear, are in and through Joseph. The phrase 'the son of his old age' speaks of a future tense, for Benjamin was younger than Joseph. What it really means is that Joseph was the son pre-eminent in his old age. In Jacob's old age he and his family went to live in Egypt, where Joseph was ruler and governor of all the land. Genesis 38 tells of the immoral acts of Judah, and his sheer hypocrisy in ordering Tamar, his daughter-in-law, to be burnt to death. She was spared when Judah was forced to admit that he was the guilty man. The very next chapter of Genesis (39), in contrast, shows how Joseph refused to consent to the evil intent and immoral thoughts of Potiphar's wife. Judah had already sold Joseph to the Ishmaelites for twenty pieces of silver. Now he sins against his own daughter-in-law. After this, with Joseph out of the way, Judah dominated the sons of Jacob, and with great cunning won the confidence of his father Israel. In 'The Testament of the Twelve Patriarchs', all the sons of Jacob speak of Joseph as 'the good and holy man' except Judah, who sold his brother for twenty pieces of silver. It was a bitter moment when later Judah, so proud and haughty, had to kneel before the ruler of Egypt, and beg for his brother Benjamin, having made himself surety for Benjamin to his father Jacob. Judah was bitterly humbled. 'Mark the perfect man, and behold the upright: for the end of that man is peace. But the transgressors shall be destroyed together' – (Psalm 37:37,38).

ATTN: PRESIDENT TRUMP AMERICA A SOCIALIST NATION?

Hate to be the one to break this, but America is now a Corporatist country and that is where Corporations merge with Government and have as much power as they do. What did our old Fascist Benito Mussolini tell us that Fascist is. Yep, the merger of Corporations & Government. If the Illuminati can not shove a county into Communism immediately, they will use some variant of Socialism as a first step and they have been slowly moving America along the path towards out & out Communism, which they've been indoctrinating into our youth via the Corrupt/Rockefeller public school system now for decades. WTFUP. This process has been going on now for over 230 years! We are NO Longer the Free, Prosperous Country that our Founders envisioned & created. We have LOST very Much, all due to their massive amounts of manipulation within our government & society at large. Most of this has been by their infiltrators & agents into newspapers, agitators, political parties, politician, judges, banking, financial institutions, economics, healthcare, military, education at every level, entertainment, religion, literature, controlled-media, false flag attacks, even sports, etc... By the way, we are NOT and have never been a raw Democracy. We are a Constitutional Republic, which they have concealed from us over many years. There is NO such thing in our history that support the BullShit view of "separation of Religion & Government". This propaganda created by the Satanic Illuminati that have 2 major goals: destroy morality & God and move toward a One World Government that they will run ---> New World Order.

*ABOVE FEDERAL LAW?

CRIMINAL LAW-MAN! WHO IS BEHIND THIS COUP?

A Justice Department official confirmed in a [news report](#) this week that the agency will not take any action against cities that defy a 14-year-old federal law by offering illegal immigrants sanctuary. The measure ([Illegal Immigration Reform and Immigration Responsibility Act of 1996](#)) specifically requires states and municipalities to cooperate with federal authorities when it comes to immigration enforcement. For decades, dozens of local governments have provided illegal aliens with sanctuary by shielding them from the feds after arrests or criminal convictions and banning police from inquiring about suspects' immigration status. Judicial Watch has [sued](#) several major police departments—including Los Angeles and Chicago—for their illegal don't-ask-don't-tell immigration policies, which have enabled violent criminals to continue victimizing innocent Americans. Numerous illegal immigrants with extensive criminal records have committed atrocious crimes because they were never deported, despite repeated encounters with local law enforcement agencies in sanctuary cities. Recent examples include a violent gang member who murdered a high school football star in Los Angeles, another gang-banger who gunned down a teenage honor student on a Maryland bus and a drunken driver who killed two women and a toddler in Colorado. The victims would all be alive had local authorities cooperated with the 1996 federal law passed by Congress to control the nation's borders and remove criminal aliens. The Obama Administration has a different interpretation; sanctuary cities that refuse to cooperate with the federal government are not as bad as a state—like Arizona—that "actively interferes." Modeled after the federal statute, the Arizona measure makes it a state crime to be in the U.S. without proper documentation, bans sanctuary cities and allows local police to inquire about immigration status. The Texas congressman who authored the '96 federal immigration law says that not taking action against those who "passively violate" the measure is absurd, comparing it to ignoring individuals who fail to pay taxes or ignoring banking laws that require disclosure of transactions over \$10,000.

But the social media Masters of the Universe have made no attempt to explain why InfoWars should be banned while leftist pages with a far more explicit glorification of violence, not to mention using "dehumanizing" language towards Jews, Christians, and Americans in general, should remain and even prosper on the platform. Among them, a page called "Kill Trump," and dozens of global pages for the registered domestic terrorist group Antifa, which have made unchallenged posts supporting violence. "It's Going Down" is one such prominent Antifa page. Beyond featuring violent imagery of President Donald Trump being attacked, it includes training and information on attacking critical infrastructure targets. "It's Going Down" seems to be lower on Facebook's list of "glorifying violence" than InfoWars. Infamous anti-Semite and Nation of Islam leader Louis Farrakhan also remains on the platform, with nearly one million likes, while The Young Turks, a progressive news outlet, remains despite its founder Cenk Uygur's denial of the Armenian Holocaust. The New Black Panther Party, a black supremacist organization, which according to the Southern Poverty Law Center (SPLC) has "encouraged violence against whites, Jews, and law enforcement officers," also has several pages on the social network. Other pages allowed on the platform include: "Fuck White America," "Fuck the south," and "Islam Will Rule the World."

**MCCONNELL & RYAN LET
AMERICA DOWN! *BIGTIME!**

Anti-Trump Republicans House Speaker Paul Ryan and Senate Majority Leader Mitch McConnell told reporters this week that they would not be funding President Donald Trump's Border Wall in September's upcoming spending bill. It was in March of this year that Ryan and McConnell passed a massive \$1.3 trillion spending bill, which funded liberal abortion clinic Planned Parenthood as well as illegal immigrant sanctuary cities... but they will not be funding the Border Wall, which is intended to protect American citizens. Now, the two Republican lawmakers are getting ready to start a war with the President by denying funding for the much anticipated border wall this coming September. BRENNEN SAYS: Senator McConnell & Speaker Ryan: If Mr. Trump continues along this disastrous path, you will bear major responsibility for the harm done to our democracy. You do a great disservice to our Nation & the Republican Party if you continue to enable Mr. Trump's self-serving actions. PRESIDENT TRUMP SAYS: I hereby demand, and will do so officially tomorrow, that the Department of Justice look into whether or not the FBI/DOJ infiltrated or surveilled the Trump Campaign for Political Purposes - and if any such demands or requests were made by people within the Obama Administration!

100% of your tax-deductible donation will go to secure America's southern border! Together we can save taxpayer money, make our communities safer and build American Pride! Congress must act to pass legislation to secure our borders through enforcing immigration laws, tightening border security, support the replacement and upgrades to current barriers and fencing and construction of barriers along the U.S. and Mexico international boundary as requested by those areas where it is needed, suspending and/or monitoring the issuance of visas to any place where adequate vetting cannot occur, end criminal cooperation and shelter in cities, counties, and states, and have zero tolerance and increased repercussions for criminal aliens. The overall goal of the campaign, according to the association, is to "help local law enforcement along the border take their communities' safety into their own hands." The sheriffs seem to have taken more of an interest in border security than Congress has lately: lawmakers sent a proposed budget to President Trump on Tuesday which lacked funding for a border wall. "I want to know, where is the money for Border Security and the WALL in this ridiculous spending bill, and where will it come from after the midterms?"

THE HOUSE WAS **STOLEN** BY BIG TECH AND DEMON'RATS

There are 34 to 40 million illegal aliens in the U.S. today. Trump should have been deporting them over the last 21 months. Leaving them alone is like leaving a nest of rattlesnakes alone in your backyard. They have every motivation to vote illegally and very little risk of ever being punished thanks to Republican gutlessness. If anyone doubts that the 2018 election was stolen, keep in mind that Alex Jones and an increasing portion of the Alt-Right have been de-platformed by liberal Big Tech censors, who are violating anti-monopoly, anti-trust laws, violating civil rights laws that are supposed to protect Americans from conspiracies to censor them and the First Amendment, which is supposed to be the law of the land, but apparently isn't the law of the Internet when liberals are running things. Alex Jones and Infowars were de-platformed. 2.4 million subscribers, most of them U.S. citizens, were denied access to his show on Youtube, a public platform for free speech up until this year. Trump should have acted decisively, the minute Jones was de-platformed to stop this liberal subversion and cheating in the 2018 election, but sadly again Jeff Sessions did nothing. Now Trump is looking at two very unpleasant years of a split government with lunatics like Nancy Pelosi, Adam Schiff and Maxine Waters bloviating on a daily basis calling for Impeachment.

ZERUBABAAL/ TRUMP *WILL BUILD 3 TEMPLES WORLDWIDE!

Behold, I intend to build a house for the name of Yahuweh my God, as the Lord spoke to David my father, saying, 'Your son, whom I will set on your throne in your place, he will build the house for My name.' (1 Kings 5:5) The next day on November 10 2016, I was worshiping the Lord with all my heart. I was praying in tongues and a spirit of intercession came on me so strong. As I was praying in tongues, I was weeping. After I finished praying, Holy Spirit said to me, "I want you to go outside to your altar. I want to reveal to you about the scripture in 1 Kings 5:5." So, I went outside and stood by my altar and the Lord said, 'Trump is my Cyrus. He will help rebuild Jerusalem after it has been attacked. There will be a war very soon and Jerusalem will be attacked. Many will be in mourning, but the mourning will be short lived. I will restore Jerusalem. Solomon built my temple as I directed through my servant David. There will be a third temple. It is decreed in holy scriptures. My Cyrus, Donald Trump, will be instrumental in the building of the third temple in Jerusalem. Many will declare Trump is evil for doing this, but I have chosen him for this. Hold this prophecy until I instruct you to release it.'

WE STAND WITH PRESIDENT TRUMP TO ORDER EMERGENCY!

According to the poll, Trump's base is sticking with him, but without a border wall, his support would collapse almost in half. The poll also shows that his supporters, by a wide margin of 95 percent, support Trump building the border wall by declaring a national emergency. For those wondering why Democrats and the media are adamantly opposed to any kind of barrier or wall along our southern border, this is why. Any funding for any kind of structure will allow Trump to claim he kept his central campaign promise. And although Democrats and the media know we need physical structures to protect our border, what is more important to both groups is preventing Trump from keeping that promise. They believe, and not without cause, that the fastest way to defeat Trump in 2020 is to destroy his base of support. Granted, we are a long way off from the 2020 presidential campaign — about 22 months and a thousand news cycles away. A lot can happen between now and then. Meaning, if Trump does not get the wall built, there are plenty of ways for him to rebuild his base of support. But "Build the Wall" is Trump's "Read My Lips: No New Taxes" pledge. If Trump is unable to keep this promise, the same Democrats and media who worked tirelessly to ensure the wall was not built will gleefully turn around and taunt him for not keeping the promise his entire campaign was built on the art of the deal, especially during his first two years as president when Republicans controlled both the Senate and the House of Representatives.

BOTH PARTIES ARE PART OF THIS SILENT COUP ON TRUMP

RUSH: President Trump is wrong in his Facebook post from last night. This is not a "witch hunt" that's going on here, and Democrats know exactly what they're doing. They know exactly what they've got. The Obama administration left all this stuff in place for 'them to use. It's not a witch hunt. There is the execution of an attempt at a peaceful coup. A peaceful coup to oust Donald Trump is what we are witnessing. It's been orchestrated by Obama and the Democrat Party. It's that simple. I'm not taking anything away from what I said yesterday. I'm adding to it. We're watching a silent coup that was put in place by Obama and the Democrats during the transition and before, for after the election. RUSH: I want to reiterate. We are witnessing — right in front of our eyes — a silent coup to unseat and render effectively immaterial Donald Trump as president of the United States. The real Russian scandal is the collusion between Barack Obama and his administration and the Russians. Obama's team used the pretext of Russian interference in the election to justify wiretaps and illegal leaks of the Trump team, including a U.S. senator and now attorney general. What has really gone on here — and I just want to repeat what I said in the opening of the hour, 'cause it wasn't happenstance, and I mean it.

HOW DOES THE CHURCH TELL WHAT TIME IT IS?

We measure time in seconds, minutes, hours, days, weeks, months, years, and so on. The main calendar in use today is the Gregorian calendar, which counts from the estimated date of the birth of Jesus Christ. Obviously, Penguinists have little use for such a date. So how do Penguinists tell time? The calendar doesn't work in days, but rather cycles. A day is meaningless in space, but work shifts and sleep cycles are pretty well defined for the Br'sqvr. Like with penguins on Earth, the Br'sqvr can sleep for quite a bit. How much? Upwards of 4 mi, which is about 20 hours! But they do get a lot done when they're awake, and a full cycle is 12 mi, or about 60 hours. The cycle is one of the few units of time that does not follow the standard 60 multiple rule. Their "month" is 60 cycles and a year is 60 of those months. On even larger scales, there are generations, eras, and epochs. But what about actual days and how about dates? Well, one issue with using dates is that traveling near the speed of light warps time. If you're only traveling about 1/4 the speed of light, it isn't too bad, but if you get towards 3/4+ time dilation becomes very pronounced. It makes universal time keeping very difficult. Instead, every colony ship had its own calendar, counting up from the date that the colony was founded.

Spiritually active Christians who hold politically conservative views believe that churches should be more involved in the political process. In particular, they are eager for their pastors to teach them what the Bible says about today's social and political issues. While most conservative churches have provided some biblical teaching on current issues to congregants, it clearly has not satisfied the appetite of those adults. In fact, a majority of these church-goers said it is extremely or very important for their church to teach them biblical truths related to each of the 22 different issues studied in this research! Among the national sample of spiritually active Christian conservatives and moderates, only one in ten people (10%) said their church has been very involved in the election process in the last two voting cycles (2012, 2014). Four out of ten said their church was somewhat involved. The remaining one-half said their church was not involved.

THE DEMON'RAT PARTY ARE BABY MURDERES!

ATTN: FRANKLIN GRAHAM

Abortion should be banned because too many babies are being killed from abortion, if you don't want a child you could always put it up for adoption, and most mothers don't understand the consequences that occur from abortion. Is there really a difference between abortion and murder? If a doctor killed a child one minute after it was born it would be murder, but if a doctor killed a child one minute before the child was born it would be the mothers choice. 52% of abortions occur before the 9th week of pregnancy, 25% happen between the 9th & 10th week, 12% happen between the 11th and 12th week, 6% happen between the 13th & 15th week, 4% happen between the 16th & 20th week, and 1% of all abortions happen after the 20th week of pregnancy. You could have a baby that's born at week 22 and still have a 15% chance of living. If the mothers didn't want the babies she could have always put them up for adoption.

I WAS BORN A MAN! THAT IS WHY OBAMA AND I LOVE GAY

Michelle Obama has just revealed a shocking secret – one that the far-right has been hounding her about for years, but in fact, turns out to be true. Michelle Obama is transgender, and was actually born as a male. "I was born Michael LaVaughn Robinson, and changed my name to Michelle when I was only 12 years-old," said Obama. "I knew that it didn't feel right. I wasn't a boy. I never cared about doing boy things. I just wanted to be a princess, I wanted to ride ponies. When I was a teen, I realized I also liked boys. It was really a confusing, difficult time, but my parents were very supportive." Obama says she underwent surgery in her late 20s to begin converting to a woman, and the entire process was completed when she was in her early 30s, right before she met Barack. "He has known from the beginning, of course," said Obama. "I never shied away from my past, and there was no way I was going to get into a relationship with someone starting with a lie. So yes, he's always been aware that I used to be a man." Michelle said that their children were not adopted, but they obviously used a surrogate, with Barack providing the sperm.

But...the left is already dismissing it out of hand when the authorities should be willing to review the evidence and follow through for the sake of justice and the American people.
