AMERICA TRUMP WON THE 2020 ELECTION! **OBAMA THIRD TERM!*

PLAIN TRUTH

USA UNDER SIEGE!

BY DOMINION SOFTWARE!

AMERICAN TAX PAYERS: **YOU** **HAVE BEEN SCAMMED!**

Former federal prosecutor under nine US attorneys from both political parties over ten years and three districts, Sidney Powell was lead counsel in 350 criminal appeals for the United States and more than 150 since in private practice. It was from her experience in several of her cases that she felt compelled to write [LICENSED TO LIE: Exposing Corruption in the Department of Justice after seeing a core group of federal prosecutors break all the rules, make up crimes, hide evidence, and send innocent people to prison. The book reads like a legal thriller, but it names the prosecutors who then rose to positions of great power and the judges who turned a blind eye to their abuses of unfettered power. Sidney is highly sought to comment on current legal issues and government investigations—especially the special investigation lead by Robert Mueller and his chief lieutenant Andrew Weissmann, who is a true villain in LICENSED TO LIE.](#)

WHO'S BEHIND THE NEW ANTI-AMERICAN FOX NEWS?

Meanwhile, Scott has come face to face with Fox News' wide influence. In the summer of 2017, she took her daughter to the Jersey Shore to relax while the Fox News primetime lineup was in flux, having lost two of its primetime hosts in a matter of months. Bill O'Reilly had been ousted from his longtime 8 p.m. roost in April after accusations of sexual harassment, which he denied, and Megyn Kelly had defected in January to seek her fortunes at NBC News. Scott says "dozens of people" on the shore had found out about her job at Fox News, and they peppered her with questions about moving the 5 p.m. panel show "The Five" into primetime as a placeholder. "I'm a pretty quiet person," she says. "How do they even know who I am?" Given that Scott is the top woman in TV news, there's a good chance people will continue to talk about her.

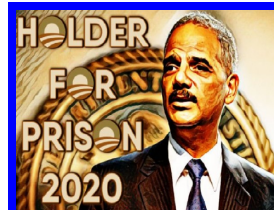

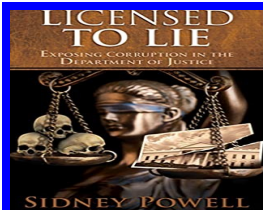

By DOMINION SOFTWARE! A THIRD WORLD SOFTWARE!

What do Venezuela, a third-world socialist nation in economic ruin, and the United States have in common? *Everything* if we are talking about the fraudulent 2020 election. Believe it or not, the very same voting machines and technologies used to install dictators in Venezuela are now being used in the U.S. to rig elections for Democrats like Joe Biden, whom the mainstream media is already declaring to be the 46th president. Speaking to Lou Dobbs during a recent interview, Rudy Giuliani, President Trump's lawyer, revealed a number of bombshells about how the left is attempting to steal the 2020 election, including with the help of Dominion Voting Systems that run Smartmatic software. In 27 or 28 states, Giuliani explained, votes were tabulated off-shore in Germany and Spain. And in almost every state where this process occurred, vote "irregularities" were observed that appear to have shifted the tallies in favor of Biden. Giuliani and the Trump team are in the process of fully unraveling this fraud, but we know already that things are changing. In Nevada, for instance, the five-member county board of elections in Clark County, which covers Las Vegas, decertified as the winner a Democrat, who was replaced with a Republican.

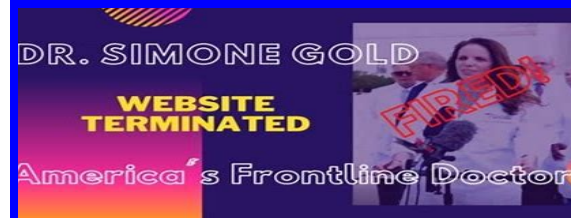

COMMUNISM AND THE DEMOCRAT PARTY

OBAMA & ERIC HOLDER! ARE TREASONIST CRIMINALS!

Concerning Dominion, a whistleblower has come forward with claims that he or she observed serious problems with vote counts, particularly during the “wee morning hours” the day after the election. The circumstances and events are eerily reminiscent of what happened with Smartmatic software electronically changing votes in the 2013 presidential election in Venezuela,” this whistleblower noted, adding that all of the anomalies conveniently benefitted Biden at the expense of Trump. Giuliani is fully aware of all this, explaining that Dominion systems were invented in Venezuela “specifically to fix elections – that’s their expertise.” Carolyn Maloney, a Democrat senator from Manhattan, revealed all of what Giuliani is now saying back in 2006 and 2007 when she warned that the U.S. should not adopt Dominion systems because they were built for fraud. We shouldn’t be using this company that was founded by Chávez to call votes in America because their specialty in Venezuela is cheating. Giuliani added, further noting that Dominion is “a far-left radical company” with high-level people within its ranks that are avowed supporters and members of the domestic terrorist group Antifa.

STAND WITH AMERICAN FRONTLINE DOCTORS!

This is the culmination of months-long research from all sources. It explains how Americans have come to be in the grip of fear. All the myths and all the misconceptions about a safe, generic drug that has been FDA approved for 65 years, given to pregnant women, breastfeeding women, children, the elderly and the immune-compromised for years and decades without complication, are finally put in the trash heap where they belong. You will have the indisputable proof that you have been massively lied to, often very intentionally. At first you will first be heart-broken. And then you will be furious. Good. Because then you will demand change. The safety of HCQ is irrefutable. The evidence supporting HCQ efficacy against Covid-19 is also overwhelming. All negative HCQ studies have used either: too much, used it alone (it needs Zinc), or used it late (it should be early.) The treatment dose is 200 mg HCQ twice a day for five days + Zinc 50 (elemental) daily. The prophylactic dose is 400 mg HCQ weekly + Zinc 50 (elemental) daily. (There are studies right now to see if HCQ 200 mg. weekly is sufficient.) This is very low dose. (The usual dose of HCQ in Lupus, Rheumatoid Arthritis is 400 mg. daily for years.) There are telemedicine physicians who are aware of the facts and if you are concerned about this, please see one. It is also over the counter in many places in the world including Indonesia and most of South America..

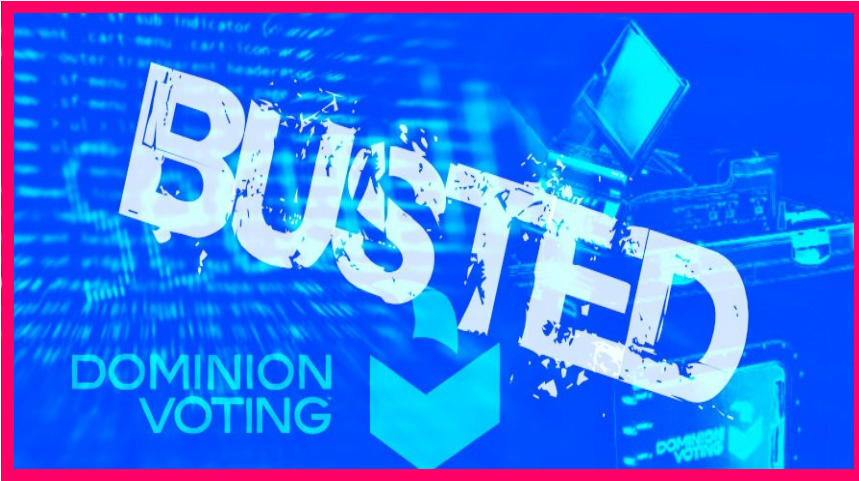

THE FACTS ARE IN! TEAM WORK RELEASED IT!

Another email bombshell from the Anthony Fauci archives has been dropped, this one showing that “America’s doctor” knew full well that hydroxychloroquine (HCQ) was an effective remedy against the Wuhan coronavirus (Covid-19), and yet chose to lie to the public by claiming otherwise. Not only that, but Fauci colluded with other deep state entities to ban HCQ from even being allowed as an “approved” treatment for the Chinese Virus, even though numerous studies prove it to be an effective remedy against all sorts of coronaviruses. Fifteen years ago, Fauci himself was a strong proponent of HCQ, having indicated before it was politically incorrect to do so that HCQ works against SARS, a cousin of the Wuhan Flu. Chloroquine, Fauci admitted back in 2005, “completely abolished SARS-CoV infection.” For whatever reason, the story changed in 2020 when SARS-CoV-2 (covid) emerged when Fauci suddenly decided that HCQ and its derivatives could not be used in the treatment of Chinese Disease. In response to a Feb. 24, 2020, inquiry, Fauci was dismissive about the potential benefits of HCQ in early treatment of the Wuhan Flu.

DOMINION SOFTWARE WAS DESIGNED. BACK DOOR USE!

Rabid anti-Trumper and self-identified Antifa member Eric Coomer, the current vice president of U.S. engineering at Dominion Voting Systems, admitted on social media to rigging voting machines in order to prevent President Trump from winning reelection. In a powerful interview with Michelle Malkin, Joe Oltmann, founder of FEC (Faith Education Commerce) United, revealed how he secretly infiltrated a local Antifa chapter and overheard discussions involving “Eric from Dominion,” referring to Coomer, and his role in steering the election. Oltmann revealed that “Eric” had instructed his fellow Antifa comrades to “keep up the pressure” in their opposition to a second Trump win. When one of them responded by asking what Antifa should do if Trump wins, Eric responded with something along the lines of: “Don’t worry about the election; Trump’s not gonna win. I made f***ing sure of that!” Oltmann, who runs a data company, immediately launched his own investigation into Coomer, who it turns out has been exceptionally active on social media expressing hatred and vitriol towards the president. Coomer not only hates the president, but he also hates those who support the president, law enforcement and people from Texas, based on his history of social media posts.

DEMONRATS DESIGN IT TO STEAL ELECTIONS!

First off, Dominion voting systems can theoretically be programmed to toss ballots that have a straight-ticket vote, meaning all Republicans or all Democrats. According to the official manual, a system setting makes it possible to enable typo fraud as well. Dominion systems also come with very weak network security, which appears to be intentional. By programming all software keys with the same cryptographic pair, anyone who might try to rig the system has automatic plausible deniability since it cannot be proven who changed a given setting, seeing as how everyone has the same key. The digital certificates of Dominion systems also come without a password, and the manual explicitly says not to assign them one. This makes it really easy for bad actors to skew the results as they travel between precinct tabulators and central tabulators. There is also a cryptic "split rotation" function built into Dominion systems that allow for the ability to "force a maximum deviation." Since neither of these two terms is defined, there is no knowing what this all means. Another anomalous aspect of Dominion systems is the fact that local IT workers have the ultimate power to clandestinely change settings, potentially altering an entire election.

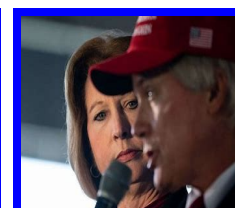

WORLD CLASS ACTION LAW- SUIT AGAINST DOMINION!

Since the 2016 election especially, Dominion and other large voting firms have faced increasing Congressional scrutiny. It's not unusual for big firms under the Congressional microscope to hire people or firms with ties to other power players; Dominion has ties to the Clinton Foundation. The company has used lobbying firms that employ lobbyists with ties to major figures like Georgia's Republican governor and House Speaker Nancy Pelosi, as well as a lobbyist who donated money to Republican Majority Leader Mitch McConnell. Increasing the scrutiny, it has also worked with firms tied to George Soros and Robert Mueller and gets some components from China. A former ambassador named by former President Barack Obama sits on the board of a company that acquired it in 2018. Contact Robert Barnes Here: As a supporter of the Free America Law Center, you enable our legal and public relations team to defend and protect those who are being oppressed by enemies of our Constitution. Our legal team defends the liberties of those who may not have financial access to such expertise and our public relations team supports their efforts to combat media attacks.

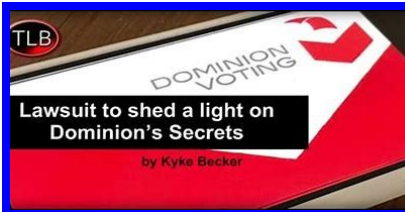

USA CLASS ACTION LAW-SUIT AGAINST DOMINION!

WE HAVE FILED SUIT against Dominion Voting Systems, Facebook, Mark Zuckerberg, certain state officials, and others for infringing upon our right to vote, assemble and speak freely. Plaintiffs from several states across the nation have joined to establish a class of registered voters to prosecute the defendants for unconstitutionally interfering in the 2020 presidential election—and suppressing the speech of those who object. **OUR GOAL IS** free and fair elections. To accomplish this, we must hold those who engage in election interference accountable for their individual behavior. Every registered voter has a fundamental right to vote for the President of the United States. As our Complaint outlines, the defendants engaged in a coordinated effort to manipulate the outcome of the last election. Accordingly, we will harness the power of the people to utilize the full force of the legal system to enjoin the actions of the unlawful and demand monetary damages for the class.

NANCY PELOSI & DIANNE FEINSTEIN CONNECTED!

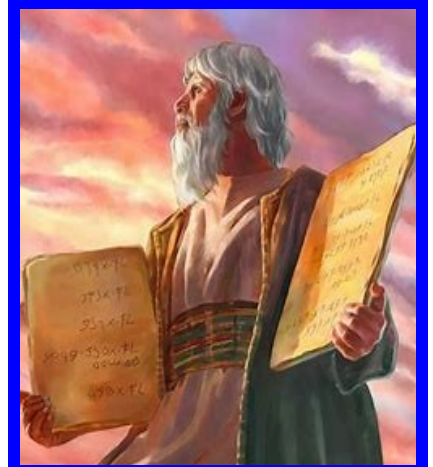

Joe Biden had it right. He said that he had the biggest voter fraud organization ever, and he didn't need people's votes now, he would need people later. They had this all planned, Maria. They had the algorithms. They had the paper ballots waiting to be inserted if and when needed. And notably, President Trump's vote in the blue states went up enormously. That's when they had to stop the vote count and go in and replace votes for Biden and take away Trump votes." Bartiromo responded by pointing out that new reports have linked Nancy Pelosi's longtime chief of staff, along with Dianne Feinstein's husband Richard Blum to Dominion Voting Systems, the company behind the voting software that the Democrats used to try to steal the election for Joe Biden. Powell says this is absolutely correct. "Well, obviously they have invested in it for their own reasons and are using it to commit this fraud to steal votes. *Robert Barnes Here: As a supporter of the Free America Law Center, you enable our legal and public relations team to defend and protect those who are being oppressed by enemies of our Constitution. Our legal team defends the liberties of those who may not have financial access to such expertise and our public relations team supports their efforts to combat media attacks.

TRUMP WON ELECTION!

100,000,000 VOTES!

Anyone familiar with Powell, who was also an attorney for Michael Flynn, knows that she means business. There is mounting evidence from many different angles that proves, pending confirmation in the courts, that the Democrat establishment is attempting a coup against President Trump by trying to thief his rightfully earned second term. Love him or hate him, the truth of the matter is that *Trump won the 2020 election*, and it is only a matter of time before the whole world knows it. Sure, millions of Trump haters will refuse to *accept* it, just like they did in 2016 and beyond, but they will *know* he won whether they like it or not. The world will also eventually know the truth about the Clinton Crime Family, which like Pelosi and Feinstein is also linked to the Dominion voting machines that were used to try to steal the election for Biden. These facts alone warrant a full and complete audit of all votes cast in Michigan, as well as in every other state where they were used in the final hour to flip the results in favor of Biden and against Trump. "It's as rotten as rotten gets!" one commenter noted. "I just can't get over the shock and rage I have of seeing this coup having made it so close to succeeding. For me it is an existential earthquake of Satanic proportions."

RICK JOYNER

**UPDATED: 10 LEVITICAL
FREEDOM COMMANDMENTS!**

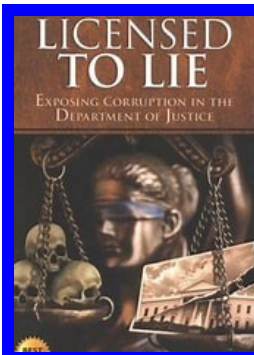

RICK JOYNER IS ORGANIZING A BOARD OF 70 ELDERS!

Yahuweh said to Rick/Moses, "Gather for me seventy men of the elders of Israel, whom you know to be the elders of the people and officers over them, and bring them to the tent of meeting, and let them take their stand there with you. 17 And I will come down and talk with you there. And I will take some of the Spirit that is on you and put it on them, and they shall bear the burden of the people with you, so that you may not bear it yourself alone. 18 And say to the people, 'Consecrate yourselves for tomorrow, and you shall eat meat, for you have wept in the hearing of Yahweh, saying, "Who will give us meat to eat? For it was better for us in Egypt." Therefore Yahweh will give you meat, and you shall eat. 19 You shall not eat just one day, or two days, or five days, or ten days, or twenty days, 20 but a whole month, until it comes out at your nostrils and becomes loathsome to you, because you have rejected the Lord who is among you and have wept before him, saying, "Why did we come out of Egypt?"'"

AMERICANS CAN NEVER HAVE FREE ELECTIONS!

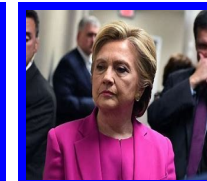

.As disturbing as this all is, it is hardly surprising when considering that Nancy Pelosi and Dianne Feinstein are both connected to Dominion Voting Systems, holding a vested interest in their continued use. In truth, Dominion systems are little more than black boxes that send vote tallies to unknown central server systems. This begs the question: Who has access to these central servers and where is the manual and security reviews of the server software? Concerning the 2020 election, it is being increasingly theorized that Dominion systems were changed or altered at some point during the downtime on election night. Doing this is a much easier process than trying to forge thousands of ballots, after all – and "[a] couple of people could have done it quickly," @CodeMonkeyZ explains. In Pennsylvania, Dominion systems had their software modified to change the word "cast," concerning ballots, to "print." This change appears to have been made in an effort to obfuscate when the vote was officially cast, probably to make it seem as though late ballots were received on time. Dominion systems further have an option to "overrun" a preset number of ballots every time someone presses the pause button during a scan. While the word "overrun" is not specifically defined, the potential for abuse "is high with this function," @CodeMonkeyZ notes, having been added, "shortly after 2018 mid-term elections." There is a whole lot more that is sure to come in about Dominion systems, but this should get you started in understanding how these corrupted machines were clearly used for nefarious purposes to try to steal the election from President Trump and hand a win to Joe Biden.

4 YEARS OF OBAMA COUP!

STILL ABOVE THE LAW!

. This true legal thriller debunks everything the media and the government told us about the Department of Justice's destruction and prosecution of the venerable accounting firm Arthur Andersen, Merrill Lynch executives who did one business transaction with Enron, Alaska Senator Ted Steven's, and more. The common thread through it all is a cabal of narcissistic federal prosecutors who broke all the rules and rose to great power. Still in the news today—Robert Mueller's "pitbull" Andrew Weissmann and other members of Obama's inner circle—are wreaking havoc on our Republic. This is the book that began exposing "the Deep State." **LICENSED TO LIE IS TRUE!**

IN BIBLE HISTORY OBAMA?

HE IS THE ANTICHRIST!

Mike Lindell released a video detailing the evidence that he has, aptly called "Absolutely 9-0." His team of cybersecurity experts were able to isolate "PCAPs" or "Packet Captures" that are immutable. They include data compiled about packets of information transmitted back and forth between two computers. What they found was that there were tons of packets transferred between the voting machines and/or tabulation machines and other countries, most notably Communist China. The data captured cannot be changed, as Lindell's anonymous cyber-expert explained in the video. "You can't go back in time and fake a PCAP," he said. "You have to essentially capture that packet in real time, so you need to record it. You can't go backwards and recreate this whole chain of events. It happens and you record it."
