

There was a distinct break between the Old Testament requirements dealing with the Sabbath worship . . . They [Rome] wanted to show that Christianity [her brainchild] was distinct from Judaism. The other thing that we should remember, too, is that our calendar that we follow, including Seventh-day Adventists, is not only a calendar that was devised by the Catholic Church, but also it is a calendar that's based upon the SOLAR year, not the LUNAR year.

The Jewish calendar that was observed in the time of Christ [Messiah] follows a lunar [astro-luni-solar] calendar . . . So the great irony is that even the Seventh-day Adventists, themselves, are not worshipping on exactly the same Sabbath day as the Jews in the time of Christ, because it is several days off . . . WHY DOES JOSHUA HAVE ON DIRTY CLOTHS? *BLINDED!

The Messiah of Aaron, on the other hand, is represented as the High Priest of the Kingdom. He was to conduct the liturgy during, the battle against the ultimate foe, and as the final interpreter of the Law he was to reveal the significance of the Scriptures and their relevance to events of the Messianic age and to the endless time of eternal bliss. It is not so simple to define the role of the mysterious Prophet since he is named only once and his duties are not given. But if I have understood it correctly, the functions ascribed to the person alluded to in the Community Rule (IV) as geber, 'Man', correspond to those of the expected Prophet: geber was to 'instruct the upright in the knowledge of the Most High' at the end of time, and 'to teach the wisdom of the Sons of Heaven to the perfect of way'. From these texts, and more precisely from the latter, Judaism derived the doctrine of the return of Elijah as the forerunner of the Messiah - a doctrine absorbed into the New Testament where Elijah redivivus is identified with John the Baptist the forerunner of Yahshua: "He is Elijah who is to come" (Matt. 11:14)

WHAT IS THE FIRST DAY? FIND OUT THE TRUTH NOW!

No one is debating that Saturday is the seventh-day of the modern Roman Gregorian calendar, because it is. The elephant in the room is the discovery that the calendar itself, which ALL THE WORLD was taught to follow since the fourth century A.D., is a fraud and counterfeit of the original. By design, it was proactively crafted in rebellion to the Creator, and His Torah Law, and as a result has become the SIGN or MARK OF THE BEAST. So by extension Saturday has NEVER been the true Sabbath of our Creator, except occasionally when the Lunar Sabbath coincides with it. This disobedience is also tied to the book of Revelation, which has something to say about heathen practices and "ALL the world following after the Beast, rather than honoring Yahuah Torah Law." But our Messiah died for you and your sins, and just as in the Exodus, He calls His people out of the false teachings and traditions of Babylon, Egypt, and Rome. He then equips us to resist the corrupt calendar, its years, months, weeks, and pagan holidays, which have become the foundations of civilization as we know it today.

Your New Moons, Sabbaths and Feast Days, My soul hates, they are a trouble to me, and I am weary to bear them. And when you spread forth your hands, I will hide mine eyes. *YahshaYahu (Is.) 1:14-16*

WHY? Because Yahudah (Judah) had adopted the New Moons, Sabbaths, and Feast Days of the surrounding pagan nations. Their new TIME measuring method was based entirely on the moment the DARK MOON and SUN are in conjunction. YET, Genesis 1:14-16 defines that the FULL MOON as New Moon, together with the STARS RULE ALL NIGHT WITHOUT the SUN. So the above reference to the New Moons, Sabbaths, and Feast Days that YAHUAH ELOHIM could not bear, were 180 degrees opposite of His ordained TIME STANDARD.

THE SIGN OF THE COVENANT

Are You Wearing It?

"Surely MY SABBATHS you shall keep, for it is a sign between Me and you throughout your generations, that you may know that I am YHWH who sets you apart." (Exodus 31:13)

EVERYBODY LOST THE TRUE SABBATH DAYS!

If you haven't noticed, neither Saturday, nor Sunday are mentioned anywhere in Scripture for several very good reasons. One of these is because the continuous weekly cycle will never correspond to a month that Scripture describes as commencing with the New Moon Day, then counts four weeks in a row, and then starts over with the next New Moon day. The mere fact that the New Moon Day exists every single month, breaks the cycle of weeks. Add to this that the modern Roman calendar was proactively designed to be opposed in all ways to the TORAH LAW of Scripture. It was specifically aimed at abolishing the New Moon Day, seventh-day Sabbaths, and prophetic Feast Days. Then they heaped upon this new time-measuring system the names of all the heathen planetary and astrological gods of the universe. All in bold defiance to the Creator and one TRUE ALAHIM (God). There are mountains of evidence as to why the Roman calendar was created. Its predominant purpose was in rebellion to the Most High with determination to undermine His appointed New Moons and true Sabbaths of Scripture's Torah Law, as kept by the ancient Hebrews. The Roman emperors made sure that not even one unit of time in their calendar would correspond to that of Scripture.

THE DEMONRATS ARE TRYING TO OVERTHROW YOUR VOTES!

The radical Democrats are willing to do anything, to smear anyone and to lie about everything in their craven quest for power and money and other things. They're trying to steal your vote, they're trying to steal your voice, and trying to steal your country. They don't have what it takes. Left-wing censors have launched an all-out campaign against free speech. That is why they are trying to silence, de-platform, cancel, punish, all of the proud conservative voters, all of the proud African-American voters that know what's happening. They want to silence you, but we know that the patriots in this room will not be intimidated. Democrats still can't get over Trump's magnificent victory in 2016, and they're trying to undermine it. They are so terrified he'll make a repeat in 2020, that they are trying to bend the rules to give a Democrat the White House. But are they trying to change the Constitution? **No, of course not. They want to force delegates to go along with the popular vote, instead of the votes of their state. They think with enough states' support, they can change how our very democracy plays out. It would destroy our election system forever.**

Lunar Months <i>Genesis 1:14</i> <i>Genesis 1:16</i> <i>Exodus 12:1-4</i> <i>Levi 23:all</i> <i>Psalms 81:3</i> <i>Isaiah 66:23</i> <i>Ezekiel 46:1-3</i> <i>Job 38:32</i> <i>Rev. 12:1</i>	Twelve and thirteen astro-luni-solar months make up the Creator's year standard. There are always 29 or 30 days in each lunar month. It is the full moon as the New Moon that designates the length of the lunar month, the number of weeks, and the number of days. Each are counted from one New Moon to another.	The 12 Roman solar months come in random and varied lengths from 28 to 31 days, depending upon which Emperor was to be honored. Because the months were divorced from the moon in 45 B.C., by Emperor Julius Caesar, they can be of any length or number, but within the single boundary of a solar year.	Twelve and thirteen lunar months modern Jewish year. These are reckoned by Babylon's dark New Moon in conjunction with the sun that determines the length of their lunar month. There are always 29 or 30 days in each lunar month. So it is that their month begins 14-16 days late.
Lunar Weeks & Sabbaths <i>Genesis 1:14</i> <i>Genesis 1:16</i> <i>Levi 23 (all days and Sabbaths counted from New Moon)</i> <i>Isaiah 66:23</i> <i>Ezekiel 46:1-3</i>	The Creator's weeks are tied to and counted from each full New Moon Day, which is day 1. The next seven days begin on day 2 of each month for a complete cycle of four weeks. Then the week cycle is refreshed and restarted following the next New Moon Day.	Roman weeks are not regulated by the lunar phase boundaries, so they can be of any length and will always cycle without end. They were originally 8 days long before the 7 day week was finally legislated by Emperor Constantine in the 4th century A.D. But although they look like the Scriptural week, being 7 days in length, they are wholly unable to produce the sacred seventh-day Sabbath.	The Jews in Roman captivity adopted the continuous weekly cycle and reverted to the Babylonian dark New Moon in the middle of the 4th century A.D. But Scripture identifies that the original weeks were counted from one New Moon to another. (Isaiah 66:23) So it is that only occasionally will their Roman "Saturday" coincide with the true lunar Sabbath of Scripture and their Creator.
Lunar Days <i>Genesis 1:5</i> <i>Genesis 1:16</i> <i>Exodus 18:13</i> <i>Exodus 12:1-4</i> <i>Levi 23:all</i> <i>John 11:9</i> <i>1 Cor. 6:14</i> <i>Rev. 12:1</i>	The Creator's Calendar contains 29-30 days each astro-luni-solar month. This is because each day is beacons in advance by its own unique and consistent lunar phase. But each DAY is signified by DAYLIGHT that is ruled by the SUN.	The Roman day commences at midnight and ends the following midnight and is not beacons by the sun. Roman solar months contain 28-31 days and have no apparent rhyme or reason. This causes their days to be out of sync by approx. six hours.	The modern Jewish days are measured from sunset to sunset, when the sun is not present and ruling. This contrasts greatly with what the Messiah said regarding there being 12 hours in a day. (John 11:9) This causes their start of each day to be off by approx. 12 hours.
Nights <i>Genesis 8:22</i> <i>Psalms 63:6</i> <i>Psalms 90:3-6</i> <i>Psalms 136:7-9</i> <i>Job 17:13-14</i> <i>Mark 13:35</i> <i>Luke 12:38</i> <i>Matthew 14:25</i>	Nights are measured by the position of the revolving starry constellations, and are divided into four quarters called watches: 1) Evening Watch; 2) Midnight Watch; 3) Cock crowing Watch; 4) Morning Watch. Nights were not regulated by sundials, or hours.	The Roman nights are measured by hours and are not differentiated from their days. They utilize a 24 hour clock that completes two cycles of 12 hours.	The modern Jewish nights are not differentiated from the days, as Scripture requires. If the day begins at sunset, then when does the night begin? This disparity illustrates that the modern Jews start their day 12 hours late each day.
Civil Dates <i>Genesis 1:1-5</i> <i>Exodus 16:7-30</i> <i>Numbers 11:32</i> <i>Psalms 136:7-9</i> <i>Jer. 31:35-36</i> <i>Jer. 33:19-21</i>	Scripture's complete civil calendar date commences with sunrise and ends the following sunrise. Thus it includes the day and the night, in that order.	The Roman civil date extends from midnight to midnight. This causes their days to be out of sync by approximately six hours.	The modern Jewish civil date includes 24 hours from sunset to sunset, when the sun is not present and ruling. This causes their days to be off by 12 hours.
Hours <i>2 Kings 20:8-11</i> <i>John 11:9</i> <i>John 19:14</i> <i>Matthew 27:45-46</i> <i>Mark 15:33-34</i>	There are only 12 hours in a day (ruled by the sun) as measured on a sundial. Neither the sun nor the sundial can measure time by night. (John 11:9)	The modern Roman days and nights are both measured by hours. Yet they are not counting the order of 12 hours of shadows on a sundial.	The modern Jewish hours are confused because they declare the "day," that is ruled by the sun, must commence at sunset. Thus, their days are late by 12 hours.

Calendar Comparison Chart

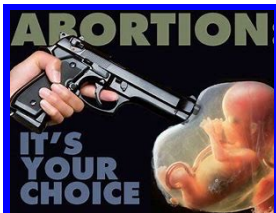

Scripture's Time Units	The Creator's Calendar Standard	Modern Roman Gregorian	Modern Jewish
19 Year Lunar Embolismic Cycle <i>(Scripture's evidence is the sum of the verses below, as they only work on a 19 year lunar cycle.)</i>	The Creator's Calendar Standard utilizes the 19 year lunar cycle. Because regular lunar months are shorter than the solar years by 10-11 days, two or three regular years in a row will be 21-30 days short, automatically requiring and providing a 13 th month the next year. Without man's altering, it exists perpetually.	The Romans removed the use of the lunar phases for calendar time-measuring as early as 45 B.C. However, in placing Easter Sunday, so as never to coincide with Passover, the 19 year Metonic 13 month embolismic cycle is always utilized. Easter is located on the first Sunday following the dark moon, after the Vernal Equinox.	The 13 month luni-solar embolismic years revolve on a 19 year Metonic Cycle. It is a mathematically calculated system derived from ancient Babylon. It utilizes the first dark moon nearest to the Vernal Equinox to commence the year. Thus the Jews will be off by 14-45 days each year.
New Moon Lunar Phase <i>Genesis 1:16 Exodus 12:1-4 Psalm 81:3 Psalm 89:37 Proverbs 4:18 Isaiah 66:22-23 Ezekiel 46:1-3 Luke 23:44-45 Ephesians 5:13 James 1:17 Rev. 12:1</i>	Scripture identifies that the Full Moon was the unique preordained New Moon standard of our Creator. Genesis 1:14-16 identifies that the true New Moon is to rule by NIGHT together with the stars, when the sun is not present. Only the full moon qualifies.	Originally the Romans utilized the full moon as their New Moon to locate Easter Sunday, but later changed it to the dark moon. (See above.)	The Karaite Jews honor the crescent as New Moon, while the Rabbinical (Pharisee) Jews honor the dark lunar phase as the New Moon. Thus, they are 14-16 days out of sync with the month.
Years Measured on the Zodiac or Mazzaroth <i>Genesis 1:14 Genesis 1:16 Exodus 12:1-4 Job 38:32 Rev. 12:1</i>	The astro-luni-solar YEAR standard commences when the full moon as New Moon appears at the feet of the constellation Bethulah (Virgo) in spring . This is the only lunar phase that rules by NIGHT, and for the entire night. It is in syzygy opposition to the SUN, causing the sun to never be present when it is ruling.	The strictly Roman solar YEAR commences 10 days after the Winter Solstice, when the SUN is in the constellation of Sagittarius in winter . Years, Months, Weeks, and Days, have no ties to the lunar phases whatever.	The Jewish luni-solar year begins when the dark moon as New Moon occurs in conjunction with the SUN by DAY, in the constellation Pisces on the opposite side of the universe in spring, when it is not visible. This rebellious Babylonian system is predominantly tied to the SUN and is 180 degrees opposite of Scripture's standard. Thus, their year begins 6 months late.
Years <i>Genesis 1:14 Genesis 1:16 Exodus 12:1-4 Levi. 23:all Isaiah 66:23 Job 38:32 Rev. 12:1</i>	The astro-luni-solar Year standard of 12 or 13 months in length commence in the spring with the full moon as the New Moon in the constellation of Bethula (Virgo). Passover is then counted to the 14 th day of this first lunar month.	Roman Solar Years are consistently 12 months in length and commence and end in the winter, having no ties to the lunar months. As a result, it has no relation to the Scriptural year and its holy days.	The Jewish luni-solar year contains 12 or 13 months. This system is used to locate only Feast Days. Although the Jewish new year (<u>Rosh Hashanah</u>) is celebrated at the beginning of Tishrei, this is actually the seventh month according to ancient reckoning. The real first month is Nisan, in which Passover (Pesach) is counted as the 15 th day. Thus their year begins 6 months late.

EVERY TRUMP SUPPORTER
STAND BEHIND OUR HERO!

The dishonest debate. I readily admit there is almost always a fair amount of exaggeration involved in presidential election cycles. But in the 2020 cycle there has existed two levels of dishonesty that is shockingly horrid. On one hand almost none of the things the Democratic candidates are saying are true. Capitalism hasn't failed. America is not in decline. Our allies respect us more than at any time in the modern era (perhaps only beaten by the days just following 9/11). We have expanded safety, prosperity and liberty to every aspect of American life. The other layer of dishonesty is in the rhetoric of the new voices of the Democrat's "fresh new faces." "The Squad" and the followers who prop them up are not willing to work in the system. They claim patently false things. They claim shocking things. They claim to be informed. And they call "racism" to anyone who disagrees. The media seem to love these new voices and look upon them with almost zero scrutiny. The hope for Democrats is that between the "Squad" screaming these false claims loud enough (with the media's reverberation) they will be able to sway voters to believe the one liar who gets the nomination.

REBUKE THE *ANTI-*CHRIST! JUDGE BY HIS/HER FRUITS!

¹⁷Even so every good tree bringeth forth good fruit; but a corrupt tree bringeth forth evil fruit. ¹⁸A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit. ¹⁹Every tree that bringeth not forth good fruit is hewn down, and cast into the fire. ²⁰Wherefore by their fruits ye shall know them. ²¹Not every one that saith unto me, *Ei shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven. ²²Many will say to me in that day of Yahweh, Yahweh, have we not prophesied in thy name? and in thy name have cast out devils? and in thy name done many wonderful works? ²³And then will I profess unto them, I never knew you: depart from me, ye that work iniquity.

Four Scripture Witnesses Testify The Creator Established *Lunar-Astro-Line Time*

Succinctly, each of the following four verses testify that our Creator ordained the moon to rule together with the stars by night, and NOT the sun to rule with the stars by daylight.

“Then Alahim made two great lights: the greater light to rule the day, and the lesser light to rule the night. He made with the stars also.” Genesis 1:16

“To Him who made great lights, for His compassion *endures* forever—the sun to rule by day, for His compassion *endures* forever; the moon and stars to rule by night, for His compassion *endures* forever.” Psalms 136:7-9

“Thus says Yahuah, Who gives the sun for a light by day, the ordinances of the moon and the stars for a light by night . . . If those ordinances [*statutes of fixed time*] depart from before Me, says Yahuah, then the seed of Israel shall also cease from being a nation before Me forever.” Jeremiah 31:35-36

“And there appeared a great sign in the shamayim, a woman clothed with the sun, and the moon (*selene-G#4582-brilliant moon*) under her feet . . .” Revelation 12:1

1. The moon rules together with the visible stars by night from horizon to horizon.
2. The lunar phase (*selene -G#4582 = brilliant moon*) is the full moon as New Moon.
3. Bethulah's (*Virgo*) arising in the spring with the full moon at her feet announces New Year's Day. Yahuah's timepiece is not dependent upon the barley harvest, but rather is responsible for it.
4. Yahuah's New Year and New Month commence with the full New Moon in perfect opposition to the sun, referred to as **Lunar-Astro-Line-Time**.

Nowhere in Scripture will you find any indication that the Creator appointed the dark lunar phase or crescent to mark the constellations as is popular today. For both **Lunar-Solar-Line-Time** (Jewish and Islamic –crescent after conjunction originated in Babylon) and **Solar-Line-Time** (Roman and Enochian moon-free models) are 180 degrees opposite of Scripture's four witnesses depicted above. Both primarily utilize the SUN to mark their ruling constellations when they are utterly invisible.

In abject rebellion, indeed mankind has changed the Creator's Calendar time-measuring model upon earth. But we have the sure word of Yahuah that His **Lunar-Astro-Line-Time** will NEVER depart from Him, as His time model alone bears the testimony of **all time prophecy**, including the New Moon Days, lunar Sabbaths, and qodesh Feast Days. **All last day events leading up to the Second Coming of our Messiah, will be synchronized to Yahuah's unchangeable timepiece and NOT man's.**

New Moon Story of Expectant Restoration

ALEPH / ALPHA

Creation

Full & Complete

Pure and Marvelous Light

At creation all things were created perfect. Adam & Eve conversed face to face with their loving Creator, for there was no sin in them. Symbolically, only the "full" moon lunar phase can represent this state of rightness, with no shadow of sin or death.

The Fall

Declining

Fall into Sin and Darkness

When Adam & Eve sinned by disobeying Yahuah, their robes of light disappeared and their sin separated them from their maker. Symbolically, sin and death are represented as "darkness" in Scripture. Both were now the curse upon mankind. A plan was laid providing hope.

The Flood

Fully Obscured

Promise Rejected

As time passed the hearts of mankind became evil continually. So to protect the promised seed, and only contingency of the world, Yahuah preserved only eight from utter destruction in the flood. Only the dark lunar phase can represent this nearly hopeless world at that time.

The Cross

Increasing

The Way of Truth and Light was Procured

Restitution for mankind was not possible without the sacrificial death of our Messiah upon the cross. He became sin for us, dying in our place, that we may have His life, perfectly restored to the Father. "All are called out of darkness into His marvelous light."

Second Coming

Fully Restored

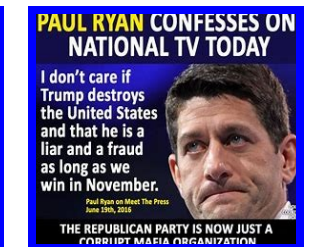

Restoration of All Things for the Faithful

"And behold, my reward is with me to give to every one according to his work. I am the Alpha and Omega, the beginning and the end, the first and last." Rev. 22:12-13 "Restore us oh Yahuah of hosts; cause your face to shine, and we shall be saved." Psalms 80:7 "It shall be established forever like the moon, even like my trusted witness in the sky." Psalms 89:37 Darkness, sin and death are swallowed up in triumphant deliverance.

PAUL RYAN'S NEW FOX/CNN ! KING OF NEVER TRUMPERS!

With the Murdoch billions behind them, those "goals," which include what the United Nations calls a new "economic development model" to replace global capitalism, could become a reality. That was the goal, at least, until Donald Trump became president and, as AIM's Roger Aronoff recently noted, indicated his determination to confront the global "climate change agenda." The Gateway Pundit website notes that Kathryn Murdoch regularly trashes Trump on Twitter. Indeed, her Twitter feed goes after many different conservative personalities and policies of all kinds. A collection of her most significant Tweets includes attacks on Trump aide Steve Bannon, and despondency over Trump's election victory. On the other hand, she praised Fox News personality Shepard Smith for criticizing Trump.

"And they [Yashar'al] will forget all My TORAH [Law] and all My commandments and all My judgments, and will go astray as to New Moons, and Sabbaths, and Festivals, and Jubilees, and ordinances. And after this they [believers] will turn to Me from amongst the gentiles (goyim) with all their heart and with all their soul and with all their strength and I will gather them from amongst all the gentiles, and they will seek me, so that I shall be found of them, when they seek me with all their heart and with all their soul. And I will disclose to them abounding peace with righteousness, and I will remove them, the plant of uprightness, with all My heart and with all My soul, and they shall be for a blessing and not for a curse and they shall be of the ROSH (HEAD) and not of the ZANAB (TAIL END). And I will build My sanctuary in their midst, and I will dwell with them, and I will be their Alahim and they shall be My people in truth and righteousness. And I will not forsake them nor fail them, for I am Yahuah their Alahim." *Book of Jubilees 6:34-38*

"And Yahuah ordained you, for the HEAD (Rosh) and not for the TAIL END (zanab), but pertain only to the upward and overhead OF HER [the full New Moon], you shall not pertain to the downward and underneath [dark/crescent]. Surely, you shall obey according to the commandments of Yahuah your Alahim, which I charge you this day to observe and to do them." Deuteronomy 28:13
